This form is designed to assist licensees in complying with the raffle rules. If another ticket accounting method is used by your organization (including the use of a computer program), it must contain, at a minimum, all the information on the front of this form.

List each ticket seller's name. For each seller, indicate:

- The date the tickets were issued for sale.
- The beginning and ending ticket numbers.
- The number of tickets issued for sale.
- The date tickets and/or ticket stubs were returned.
- The number of ticket stubs returned.
- The number of unsold tickets returned.
- Calculate and enter the number of tickets or stubs that the ticket seller has not returned.
- If the same ticket seller is issued additional tickets to sell, another entry is made for that ticket seller.
